

Weobley High School

KS3/KS4 Cooking & Nutrition

Cooking and Nutrition Rationale of Study
 As part of their KS3 Cooking and Nutrition lessons at Weobley, pupils will be taught how to cook and apply the principles of nutrition and healthy eating. Learning how to cook is a crucial life skill that enables pupils to feed themselves and others affordably and well, both now and later in life. In line with the National Curriculum, the dishes that we cook are predominantly savoury. Pupils who opt for KS4 Food Preparation and Nutrition are expected to meet the four Assessment Objectives by the end of Year 11.

KS3 Textiles Curriculum Map

Textiles Rationale of Study

At Weobley, the students will study Textiles for half of the year in both Years 7 and 8. In order to offer a broad and balanced curriculum, we feel that it is essential to provide students with access to a range of materials, (including fabrics and fibres) and equipment. Students have the opportunity to become creative thinkers and design prototypes that perform a function in their every day lives.
